LEARNING & DEVELOPMENT PROGRAM

Access Services was established in 1994 and designated as the Consolidated Transportation Services Agency (CTSA) for Los Angeles County. CTSA's were created in 1979 when the State legislature passed Assembly Bill 120, the Social Services Transportation Improvement Act. The vision behind creating the CTSA model was to foster coordination amongst existing social services transportation providers which would lead to cost saving benefits.

Access Services' CTSA Extension Program connects transit professionals and social services representatives to bridge Los Angeles County's transit needs. The Learning and Development Program is available to public and non-profit agencies providing specialized transportation in L.A. County and their contractors. Available classes are subsidized by Access Services.

Transit Diversity, Equity, and Inclusion Certificate Program

Course dates can be found [here](#).

This certificate program is for individuals and teams who have the initiative and influence to advance diversity and inclusion efforts.

Overview

Transit is one of the most diverse industries in America. Both the employees and their customers are diverse and the role unconscious bias plays in day-to-day encounters is a big concern. The ability to implement an effective DEI program in an agency can reduce turnover, increase productivity and morale, and lower associated costs.

Title 6 requires policies and practices that are free from discrimination. This program is designed to deliver the essential curriculum, collaboration, and connections needed to help you understand the challenges and opportunities with making this important strategic change in your organization.

For Information on the series of classes or registration please contact: **209.946.2956**, westgate@pacific.edu or visit **UOP's Transit DEI Certificate Program**.

Submission Deadline: July 7, 2023

2022 JOE KING MEMORIAL SCHOLARSHIP RECIPIENT

In 2022 Access Services recognized **Allen Suarez** as the Joe King Scholarship recipient. Mr. Suarez started his career in the paratransit industry as an Eligibility Assistant at Medical Transportation Management (MTM). Not expecting to find a profession in the ADA field, he quickly discovered he had a

passion for working with people with disabilities. Allen aspires to grow professionally within MTM and is preparing to become a Mobility Assessment Evaluator (MAE).

Mr. Suarez attended the UOP Transit Paratransit Management Certificate Program in the fall of 2022. The most valuable aspect of the program was the connections he made with other students. His acceptance into the program was instrumental in landing him a job as an on-call MAE at MTM. He assists with reviewing ADA paratransit applications, conducts in-person interviews for applicants, and performs functional assessments with customers to determine eligibility for ADA paratransit service.

After receiving his transit management certificate Allen is planning on pursuing a full-time position as an MAE.

**Congratulations Allen on being the
2022 Joe King Memorial Scholarship
Award recipient!**
