6. **GENERAL PUBLIC COMMENT**

Victor Dominguez made public comment by stating that the taxicab drivers in the Southern Region were still not approaching him when they arrived at his pick-up location. He also stated that he had a very rude driver that made a rude comment when he handed him his coupons. Mr. Dominguez concluded his public comment
by stating that the drivers were also not approaching him when they picked him up at the Braille Institute.

Access’ Project Administrator Lisa Potter was assigned to assist Mr. Dominguez.

Rachele Goeman made public comment by stating that if a rider’s file states that they need a van only, then only a van should be sent for that rider. Ms. Goeman concluded her public comment by stating that the Southern and Northern regions were ignoring her requests and were not sending a van to pick her up for every trip.

Access’ Manager of Operations Randy Johnson was assigned to assist Ms. Goeman.

Belinda Conrad made public comment by stating that she scheduled a ride on Monday, September 18, 2017 for 7:25 a.m. to the Braille Institute and the vehicle arrived late at 8:30 a.m. She concluded her public comment by stating that no one called her to let her know but she found out what the problem was because she called the provider and was told that the dispatch and driver system was down and that was the reason for the delay.

Access’ Project Administrator Fayma Ishaq was assigned to assist Ms. Conrad.

Renee Madera made public comment by thanking Victor and Rachele for bringing up the issues of the drivers not approaching the visually impaired or blind riders and sending a taxi when it clearly states in the rider’s file to send a van only.

Ms. Madera stated that on September 23, 2017 the driver arrived at her pick-up location 15 to 20 minutes early, called out her name and pretended not to see her and then drove off without acknowledging her which made her miss her ride. She also stated that on September 16, 2017 in the Northern region they sent a driver that they were not supposed to send to pick her up and in the Glendale area the driver did not acknowledge her while she was trying to show him her rider ID card.

Ms. Madera concluded her public comment by stating that her rider file should show that she had permanent Beyond the Curb service but the drivers in the Eastern and Northern regions were still not approaching her. She asked that staff resolve these issues since she has been experiencing them for a long time.

Access’ Project Administrator Fayma Ishaq was assigned to assist Ms. Madera.

Toni Yee Hemphill made public comment by stating that she has been picked up on-time and service has been good. She also stated that one of her drivers who was Asian looked very sloppy and asked her many questions in Chinese. Ms. Hemphill concluded her public comment by commending driver Luis Martinez from the West Central Region. She stated that he was very polite and went above

Access’ Project Administrator Rogelio Gomez was assigned to assist Ms. Hemphill.

15. **EXECUTIVE DIRECTOR’S REPORT**

Access’ Executive Director, Andre Colaiace, began his report by stating that service (year-to-date) was good and the Agency was meeting its major KPIs.

Mr. Colaiace then reported that, per the direction of the Board, one of this Agency’s priorities going forward will be controlling the real estate for our operating facilities.

He stated that Access has released several real estate related RFPs and is currently accepting proposals from qualified firms to act as our Real Estate Broker in identifying and sourcing properties. Access has also released a RFP for a consultant to conduct a facility needs analysis for each of Access’ regions. This firm will also be responsible for providing conceptual drawings and preliminary facility cost estimates. This will help the Agency estimate facility costs so the Agency can put together a funding plan. This will be a multi-year effort and we plan to provide periodic updates to our Board, Advisory Committees and other stakeholders.

Related to Real Estate, Mr. Colaiace stated that Access is collaborating with the Antelope Valley Transportation Authority to conduct eligibility screenings at AVTA’s transit facility in Lancaster. This partnership will provide applicants the unique opportunity to learn about both Access and the convenient transit services offered by AVTA. Access will be saving over $30,000/year in facility costs with this arrangement while also encouraging our customers who are able to use AVTA’s fixed-route services. Mr. Colaiace thanked our partners at AVTA for working with us on this.

Mr. Colaiace then stated that staff continues to work with the County on possibly getting reimbursement from Medi-Cal for some Access trips. Access has been holding monthly briefings with the County and have agreed on the billing methodology and are awaiting approval from the State. The Agency is on track
to receive a draft contract within the next 90 days which will be brought to the Board for approval.

16. **BOARD MEMBER COMMUNICATION**

Director Nwokike congratulated Access Services on the new eligibility center in the City of Commerce. She stated that she was not able to attend but she heard so many good things about it.

Secretary DeVerera welcomed Director Troost back and congratulated Ms. Gogreve on her new appointment as Vice Chair of the TPAC committee.

Treasurer Turner stated that she recalled the Board requesting feedback/responses on the public comments that were made at each of the Board meetings. She asked what happened to staff’s response. Treasurer Turner also congratulated Ms. Gogreve on her new appointment and welcomed her to the Board of Directors. Mr. Colaiacce replied that staff would definitely report back on the Board meeting public comments.

RE: CONSIDERATION TO EXTEND TERM AND INCREASE FUNDS FOR DRUG AND ALCOHOL PROGRAM CONSULTANT CONTRACT (AS-3876)

ISSUE:

Board approval is necessary to add funds and exercise the first of two option years with Access’ drug and alcohol program consultant, LPM Consulting Inc. (AS-3876).

RECOMMENDATION:

Authorize $120,000 in additional funds effective November 1, 2017 and an extension of the period of performance for one year from July 1, 2018 through June 30, 2019.

IMPACT ON BUDGET:

This action will result in an increase in the not to exceed contract amount of $175,000 to $295,000. The funds necessary to accommodate these changes are included in the current budget and will be programmed in next year’s budget. There is no change to the current rates of compensation. The funding for these services comes from Proposition C Discretionary Funds.

ALTERNATIVES CONSIDERED:

None. FTA’s Drug and Alcohol Program Monitoring and Compliance is a highly specialized field that requires a technical expert. The role of the drug and alcohol program consultant is critical to ensuring that Access and its contracted service providers, including sub-contractors, meet federal drug and alcohol compliance requirements.
EFFECT OF APPROVAL OF STAFF RECOMMENDATION:

If this staff recommendation is approved by the Board, staff will be authorized, but not required, to negotiate and enter into an amendment to AS-3876 with LPM Consulting, Inc. under terms that are no less favorable to Access Services than those proposed above. Access Services would not be legally bound to this amendment unless it is incorporated into a formal written amendment executed by all parties thereto and approved as to form by this entity’s legal counsel.

BACKGROUND:

Under Federal Transit Administration (FTA) 49 CFR Part 655 (“Prevention of Alcohol Misuse and Prohibited Drug Use in Transit Operations”) contractors that perform any safety-sensitive function on behalf of Access Services are required to comply with the provisions of Part 655 and follow the procedures prescribed for drug and alcohol testing under DOT 49 CFR Part 40 (“Procedures for Transportation Workplace Drug and Alcohol Testing Programs”).

The rule specifically requires FTA grantees such as Access Services to provide monitoring and oversight to its covered contractors and service agents to ensure that the program they are implementing on behalf of Access is consistent with the DOT and FTA rules. Service agents include Third Party Administrative Services (TPA), Medical Review Officers (MRO), Health & Human Services Certified Laboratory and Medical Collection Sites. Access is required to certify compliance with the FTA on an annual basis.

During the course of this contract, 16 new and additional taxicab subcontractors were added to perform Access trips on behalf of Access’ service providers. Specifically, the Southern service region provider added six (6) subcontractors, the Eastern region provider added eight (8), and the West-Central region provider added two (2). The subcontractors primarily serve to augment Access’ trip capacity especially during peak periods. The addition of the subcontractors were unanticipated when this contract originally went into effect in July 2015.

The addition of the taxi subcontractors increased the monitoring and oversight responsibilities of the consultant. The consultant also serves as the primary point of contact for training and education as the providers bring on additional subcontractors into service. As a result, the consultant’s billing hours have increased by 52% compared to the same period last year. Therefore, staff is requesting additional funds for the remainder of the contract term.

Access has been utilizing the expert services of Leila Procopio-Makuh, founder and principal of LPM and Associates since June 2003. In December 2016, LPM successfully assisted Access Services and its contractors with an FTA Drug and Alcohol Program
Compliance Audit. LPM’s on-site assistance and guidance during the weeklong review proved pivotal in ensuring Access’ compliance with the federally mandated Drug and Alcohol Testing Program.

RE: CONSIDERATION FOR APPROVAL TO AWARD CONTRACT FOR COMPREHENSIVE INFORMATION TECHNOLOGY MANAGED SERVICES (AS-4050)

ISSUE:

Board approval is needed for the selection of a Comprehensive IT Managed Services provider beginning November 1, 2017.

RECOMMENDATION:

Authorize staff to execute a contract with ConvergeOne for the performance of the Agency’s Comprehensive IT Managed Services with full service to commence November 1, 2017 and extend through October 31, 2022 (base period) with three (3) one year options at an amount not to exceed $580,260 for the base term.

IMPACT ON BUDGET:

The cost of this item for the base period is within the budget estimates for the FY2017/18, FY2018/19 and FY2019/20 budgets. Funding for FY2017/18 has been included in the budget and will also be included in future fiscal year budgets. Payment terms of the contract will be a fixed fee of $175 per hour for the base period. The funding for these services comes from Proposition C Discretionary funds.

ALTERNATIVES CONSIDERED:

No alternatives were considered as this was a competitively procured contract.
EFFECT OF APPROVAL OF STAFF RECOMMENDATION:

Staff requests authorization from the Board to negotiate and enter into a contract with ConvergeOne on terms that are no less favorable to Access Services than those proposed herein. Access Services would not be legally bound to this contract unless it is incorporated into a formal written agreement executed by all parties thereto and approved as to form by this entity's legal counsel.

BACKGROUND:

Access Services requires the services of an outside consultant to manage, monitor and maintain its information technology infrastructure. The consultant provides consulting and project management services to Access’ network, email, desktops, laptops, tablets, internet connections and all related software. Access issued a similar RFP in 2016, RFP AS-4015. The contract was awarded to Computer Specialists, Inc. However, due to an expansion of service needs, Access decided to issue a new solicitation, RFP AS-4050, to solicit services with an updated scope of work. The RFP was issued on June 7, 2017 and was published on the Access website and Access’ E-Procurement system, Public Purchase. Questions from potential proposers were received and Addendum 1 was issued in response.

Access received a total of eight (8) proposals. Two (2) of the proposals were deemed non-responsive and eliminated from further consideration. The remaining six (6) responsive proposals were: (1) Alpha Sirius; (2) ConvergeOne; (3) Computer Specialists, Inc.; (4) Decision Consultants; (5) Eaton & Associates; and, (6) T2 Tech Group. A preliminary scoring was conducted using the evaluation criteria below to establish a competitive range. From the preliminary scoring, the top two (2) proposers were invited to interview with the evaluation panel.

1) Completeness of RFP Response – 25%
2) Project Team Qualifications/Certifications – 25%
3) Service Level Agreement, Deliverables and Reports – 25%
4) Cost – 25%

As a result of the preliminary scoring, the top 2 firms were:

1) ConvergeOne - a Minnesota corporation that is a leading provider of advanced technology solutions, IT lifecycle and managed services with offices located in Ontario, California. ConvergeOne services several municipal governments, school and water districts as well as the San Bernardino Association of Governments.
2) Computer Specialists, Inc. (CSI) - a California corporation located in Cypress, California. CSI supports a number of clients including the Evangelical Christian Credit Union, Trinity Financial Services and Complete Logistics Company (supply chain and logistics services). CSI has been an Access vendor providing IT consulting services for 19 years and is, therefore, very familiar with Access.

After the interview, Best-and-Final Offers were requested. Thereafter, a re-scoring was conducted using a slightly modified evaluation criteria as indicated below:

1) Completeness of RFP Response - 20%
2) Project Team Qualifications/Certifications - 20%
3) Service Level Agreement, Deliverables and Reports - 15%
4) Client References - 15%
5) BAFO Cost - 30%

RE:    CONSIDERATION TO EXTEND TERM AND INCREASE FUNDS -
       INFORMATION TECHNOLOGY CONSULTING & SERVICES CONTRACT
       (AS-3039)

____________________________

ISSUE:

Board approval is necessary to exercise the fifth option year of contract AS-3039 for
information technology consulting and services contract with Fairway Technologies,
which is the firm that created Access Services’ Rider360 database.

RECOMMENDATION:

Authorize an additional $176,000 in funds and an extension in the period of
performance for one year, from May 1, 2018 through April 30, 2019.

IMPACT ON BUDGET:

This action will result in an increase in the previously approved contract amount of
$770,370 to $946,370, with no changes to the current rate of payment. The contract
rate will be accommodated by the budget for FY 2017/18 and FY 2018/19. The
funding for these services comes from Proposition C Discretionary funds.

ALTERNATIVES CONSIDERED:

None. Staff is confident that the contractor has met the terms of the contract and thus
merits consideration for an extension of its term. This is part of the continuing
development of a key infrastructure project and this is the last of the five option years
available under this contract.
EFFECT OF APPROVAL OF STAFF RECOMMENDATION:

If this staff recommendation is approved by the Board, staff would be authorized, but not required, to negotiate and amend the written contract with Fairway Technologies for information technology and consulting services on terms and conditions no less favorable to Access Services than those proposed above. Access Services would not be legally bound to the contract unless it is incorporated into a formal written agreement executed by all parties thereto and approved as to form by this entity’s legal counsel.

BACKGROUND:

In February 2011, Fairway Technologies (formerly PDSA, Inc.) was awarded an information technology consulting and services contract to continue development of the integrated data system known as Rider360, which is the database that helps staff manage information for every Access customer.

In the past six and a half years, Fairway staff were key to the successful transition to the Access TAP ID card in late 2011 and migration of data to the most up-to-date technology platform. Other enhancements to Rider360 completed during this time include Service Area Check, Address Validation, Geocoding to ensure data integrity, Risk Management changes for Beyond the Curb service, and Customer Service Module changes. Fairway also has been responsible for the integration of Rider360 with our new eligibility contractor’s (MTM) software system, Salesforce, over the last six months.

The requested funds will primarily be for addressing additional and changing business needs that have been identified by staff. In addition, a portion of the funds (~$60,000) will be reimbursed to Access by MTM due to integration and testing issues during the transition. The requested amount is an estimate of the work that will be completed through the end of the fifth option year of the contract.

RE: CONSIDERATION TO APPROVE COMMUNITY ADVISORY COMMITTEE BY-LAW CHANGES

ISSUE:
At the April 2017 Access Services Board of Directors meeting, the Board requested feedback on the Community Advisory Committee (CAC) Bylaws related to Chair and Vice Chair selection for both the CAC and Quality Services Subcommittee (QSS).

RECOMMENDATION:
Approve changes to the CAC Bylaws (Article 6, Section 1.2) as detailed below.

ALTERNATIVES CONSIDERED:
None.

IMPACT ON BUDGET:
No impact.

BACKGROUND:
The Access Services Community Advisory Committee (CAC) was established to provide input and advice to Access Services related to operational and policy issues, and to make recommendations to the Access Services Board and staff.

At the April 2017 Board meeting, the Board requested feedback on whether there was a conflict in having the Chair of the CAC also be the Chair of the QSS. Additionally, the Board asked for feedback on potentially appointing a Board member to the CAC nominating committee.
A subcommittee of the CAC met and discussed the above items. They determined that by having the QSS Chair and Vice Chair positions subject to the same selection process that is used for the CAC Chair and Vice Chair positions, any conflict of interest would be identified and discussed at that time.

The subcommittee also felt that the current composition of the CAC nominating committee is sufficient moving forward.

The section in italics (Article 6, Section 1.2) is the only change to the CAC bylaws.

**Access Services**
**Community Advisory Committee (CAC)**
**By-laws**

**ARTICLE 1 – NAME**

Section 1 - The name of the committee shall be the Access Services Community Advisory Committee (CAC).

RE: CONSIDERATION TO APPROVE SEVERANCE POLICY CHANGES

ISSUE:
At the September 19, 2016 Board Meeting, the Board adopted a severance policy for the Agency. Staff is requesting a revision to this policy to give the Executive Director more flexibility in determining severance.

RECOMMENDATION:
Approve the attached severance/transition policy.

IMPACT ON BUDGET:
There is no immediate impact on the budget due to the creation of the new policy. Each separation will be reviewed on a case-by-case basis to determine if it is eligible for severance/transition pay.

BACKGROUND:
It is not mandatory under the Fair Labor Standards Act (FLSA) to provide a severance package to an employee at the time of separation/termination of employment, except under certain specific circumstances. However, if a severance package can be agreed upon by both sides, it can assist in an amicable parting of ways.

As stated above, at the September 19, 2016 Board Meeting, the Board adopted a severance policy that codified existing Agency practices. Staff believes that providing the Executive Director with additional flexibility in certain situations, in consultation with the Board Chair, is prudent and can reduce legal exposure to the Agency.

The last sentence in italics is the only change to this policy.
I. PURPOSE

Access Services (hereinafter “the Company”) has adopted this Access Severance/Transition Policy to provide severance/transition pay under the circumstances described below to eligible employees (hereinafter "Eligible Employees") of Access Services.

II. ELIGIBILITY

This policy applies to all exempt and nonexempt, full-time staff employees on Access Services payroll. You are not eligible to receive severance/transition pay if you are a temporary, intermittent, contract or “leased” employee.

III. POLICY

In the event of an involuntary termination due to a reduction in force and/or downsizing, change in company direction and/or job elimination, the Company reserves the right to provide severance/transition pay for the affected eligible employee upon receipt of a voluntary, fully executed severance/transition agreement. This does not apply to terminations for cause and/or refusal to be reassigned.

IV. PAYMENT AMOUNT

The rate of severance/transition is based on length of service as a full-time, staff employee (i.e., the number of consecutive full 12 month periods of an eligible employee’s employment with the Company) and base salary at time of separation. The Company does not have a bridging of service policy and any prior employment is not recognized for purposes of calculating severance/transition pay.

Based upon business need, economic conditions and budgetary constraints, the severance/transition pay will be one week for each year of service for non-exempt/hourly, full-time employees; and two weeks for each year of service for exempt/salaried, full-time employees. Applicable deductions will be withheld as required by federal and/or state requirements. The maximum severance/transition pay is six months and/or 26 weeks. Severance is calculated on base pay only. The Company reserves the right to elect to pay the severance payment in a lump sum or as a salary continuation (continue payments on scheduled biweekly paydays). The severance policy does not apply to any employee subject to an employment contract.

The Executive Director may provide additional severance subject to consultation with the Chair of the Access Services Board of Directors.

RE: CONSIDERATION TO RENEW AGENCY INSURANCE POLICIES

ISSUE:
Board approval is requested to purchase various Agency insurance policies for the policy year beginning November 1, 2017.

RECOMMENDATION:
Approve the purchase of various Agency insurance policies, including property, general liability, executive management liability and workers’ compensation insurance for a not to exceed amount of $750,000.

IMPACT ON BUDGET:
The approved budget for Fiscal Year 2017/18 includes the cost of these policies. The funding for these policies comes from Prop C Discretionary funds.

ALTERNATIVES CONSIDERED
No alternatives were considered. In order to protect the agency from liability, it is necessary to purchase these policies on an annual basis.

EFFECT OF APPROVAL OF STAFF RECOMMENDATION:
If this staff recommendation is approved by the Board, the staff would be authorized, but not required, to purchase the above policies at terms no less favorable to Access than those proposed above.

BACKGROUND:
SullivanCurtisMonroe (SCM), Access’ insurance broker, is in the process of soliciting quotes for the various insurance policies. Upon Board approval, staff will authorize SCM to purchase the policies with an effective date of no later than November 1, 2017, and December 1, 2017 for the Workers’ Compensation policy.

RE: COMPREHENSIVE OPERATIONAL REVIEW FINAL REPORT AND NEXT STEPS

ISSUE:

This item outlines next steps resulting from the Comprehensive Operational Review (COR) prepared by Nelson\Nygaard Consulting Associates.

RECOMMENDATION:

Receive and File.

IMPACT ON BUDGET:

Any future action with significant budget impacts will be programmed in subsequent budget years and brought to the Board for approval.

BACKGROUND:

In October 2017, Nelson\Nygaard Consulting Associates produced the Access Services Comprehensive Operational Review: Final Report that included a list of recommendations. Staff is reviewing and planning for the implementation of those recommendations in the report, which are organized as status quo, short-term, and long term. The COR Final Report can be found on the Access website at: accessla.org/about_us/publications

Several short-term recommendations are already underway:

- Staff is adopting and revising key performance indicators (pending Board approval in October 2017).
- Staff posted a “Fleet Maintenance Analyst” position to increase the Fleet Design and Maintenance group staff.
- Staff added a transfer starter as required personnel to the Northern Region RFP, in an effort to enhance transfers to/from the North County Regions.
In addition, staff is already exploring options for Access to provide operating and maintenance facilities for providers. In September 2017, staff released two RFPs. The first is for real estate broker services to identify and source properties to be used for Access’ operating facilities. The second seeks a consultant to conduct a facility needs analysis for each of Access’ regions and provide conceptual drawings and preliminary facility cost estimates.

The long-term recommendations, which include significant changes to the current service model, will be incorporated into Access’ Strategic Plan.

**STRATEGIC PLAN:**

Access Services has been developing a new five-year Strategic Plan for the agency. The objective of this Plan will not only incorporate those recommendations that Access adopts from the Comprehensive Operational Review, but also projects from Access’ internal departments.

This five-year Plan will provide a narrative of the projects and goals that Access is setting for itself from FY 2019 through FY 2023. These projects will be incorporated into Access’ annual budget.

The Strategic Plan will be a public document detailing the goals of Access Services for the next five years. The Plan provides transparency in the agency’s future planning and provides a platform for Access’ stakeholders to comment and debate on the objectives of the agency.

The Strategic Plan will be a living document that will serve as a reference for the agency as to the objectives of the agency. Additionally, the Plan will be updated annually to incorporate revisions to agency goals and also include additional projects which Access may desire to pursue.

**TIMELINE AND NEXT STEPS:**

Staff is in the process of developing a draft Strategic Plan for Board input which incorporates recommendations from the recent Comprehensive Operational Review and also projects from the different Access departments.

In November, Access will share this draft Strategic Plan with its advisory committees (CAC and TPAC) as well as the Board of Directors, seeking input.

In January, after incorporating comments provided by the CAC, TPAC and Board of Directors, staff will present a revised draft Strategic Plan summary to the Board.

RE: CONSIDERATION TO APPROVE KEY PERFORMANCE INDICATORS AND STANDARDS

ISSUE:

Board approval is requested for the adoption of key performance indicators (KPIs) and standards to measure the efficiency and effectiveness of Access’ operations.

RECOMMENDATION:

Authorize staff to add the following KPIs and standards to Access’ operating contracts:

- On-time performance (next day trips) - 91% or better
- On-time performance (Access-to-Work trips) - 94% or better
- Excessively late trips - 0.10% or lower
- Missed trips - 0.75% or lower
- Denied trips (reservations) - 0%
- Complaint rate - 4.0 per 1,000 trips or lower
- Calls on hold > 5 minutes (reservation calls) - 5% or less
- Calls on hold > 5 minutes (ETA calls) - 10% or less
- Average initial hold time (reservation calls) - 120 seconds or less
- Excessive travel time - 5% or less
- Miles between roadcalls - 25,000 miles or more
- Preventable collision rate - 0.50 preventable collisions per 100,000 miles or less
- Preventable incident rate - 0.25 preventable incidents per 100,000 miles or less

IMPACT ON BUDGET:

This recommendation is consistent with recommendations from the Comprehensive Operational Review (COR) and should have no impact on the FY17-18 budget. As the KPIs are incorporated into operating contracts, there could be an undetermined
impact to future budgets as contractors factor new requirements and associated liquidated damages into their cost of doing business.

**ALTERNATIVES CONSIDERED:**

No alternatives were considered.

**EFFECT OF APPROVAL OF STAFF RECOMMENDATION:**

If this staff recommendation is approved by the Board, staff will incorporate new and modified KPIs into its reporting systems and into future contracts or contract amendments and extensions.

**BACKGROUND:**

In 2016, Nelson-Nygaard was retained by Access to complete a comprehensive operational review that included both a peer review and a review of current key performance indicators. Nelson-Nygaard found that current performance standards were appropriate, but suggested that additional standards would be useful for measuring service quality, as well as more closely meeting expectations from the Federal Transit Administration. In fact, staff sought feedback from auditors during the recent FTA ADA Compliance Review and their input regarding potential KPI changes was positive.

After consideration of recent performance, recommendations from the COR and staff, the following KPIs are recommended for Board approval:

If approved, staff would incorporate the new or modified KPIs into the monthly Board Box, annual budgets and annual report, as well as incorporate them into operating contracts.
